THE COHORT EXPANSION PROTOCOL: LAUNCHING A NEW HIVE

This is the standardized process for establishing a new cohort within an existing country, ensuring consistency and quality.

Step 1: Identification & Feasibility (4 Weeks)

- Action: A "Champion" (a student, alumnus, or staff) identifies a potential university and submits an Expression of Interest (EOI) to the National Coordinator.
- Requirements: EOI must demonstrate a minimum of 15 interested students and provide a brief analysis of the university landscape.
- Output: A preliminary go/no-go decision.

Step 2: The Champion's Mandate & Support (4 Weeks)

- Action: The Champion is formally recognized and provided with the "New Cohort Starter Kit" by the National Coordinator.
- Support: The National Coordinator assigns a "Buddy Cohort" from an established university for peer support and guidance.
- Output: Champion is briefed and equipped.

Step 3: Institutional Legitimization (8 Weeks)

- Action: The Champion, with support from THNA HQ, must formally register the cohort as a

recognized club/society with the university's Student Affairs department.

- Support: THNA HQ provides a formal Letter of Introduction.
- Output: Official university registration certificate.

Step 4: The Launch Sequence (4 Weeks)

- Action:

a.Execute first member recruitment drive (SOP 001).
b.Host a high-energy official launch event.
c.Conduct mandatory orientation for all new members.
d.Hold the first leadership election (SOP 002).

- Output: A fully constituted, functioning THNA cohort.

Step 5: Integration & Sustenance (Ongoing)

- Action: The new cohort is integrated into the National Leaders Council, added to all communication channels, and begins receiving ongoing support and monitoring from the National Coordinator.
- Output: The cohort submits its first monthly report and is listed as an active chapter on the THNA website.
